

ELSEVIER

Chemical Physics Letters

Most Cited Paper 2003 – 2007 Award

Awarded to:

S. Maruyama

For the paper entitled

“Characterization of single-walled carbon nanotubes catalytically synthesized from alcohol”

By:

Y. Murakami, Y. Miyauchi, S. Chiashi, S. Maruyama

This paper was published in:

Chemical Physics Letters, Volume 374, Issue 1-2 (2003), Pages 53-58

Dr. Karel Nederveen, Publisher
Physical and Theoretical Chemistry
